

ENGINEERS' CLUB OF MEMPHIS STUDENT GRANT APPLICATION

ECM MISSION / VISION ALIGNMENT

The Engineers' Club of Memphis (ECM) promotes the advancement of its members and the field of engineering for the benefit of the Memphis community. ECM has a strong history of supporting engineering students by providing grants to promote engineering educational initiatives. To this end, each year, ECM requests grant proposals from companies/organizations in the community with similar missions and values. Applications must be submitted to **ECMclub1914@gmail.com** by **January 15 of each year. ONLY applications sent to that email address will be considered.**

The ECM Board of Directors evaluates grant proposals based on the following criteria:

- Promotes the engineering profession to students of all ages.
- Supports individuals pursuing a career in engineering.

Grant award recipients will be asked to make a short presentation at a future ECM meeting to provide a summary of how the grant funds were used and how one or more of the goals above were achieved.
